

PRINTED CIRCUITS CORP.

One Stop EMS Solution Provider

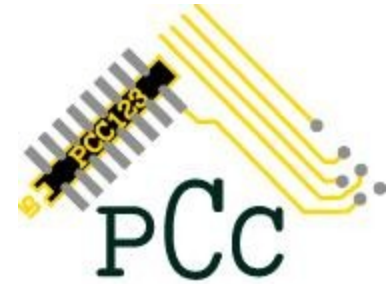

Remote Power Switching and Security Devices

PRAVIN KAKADIYA – PRESIDENT

CAGE – 1WXP2

DATE- 01-31-2013

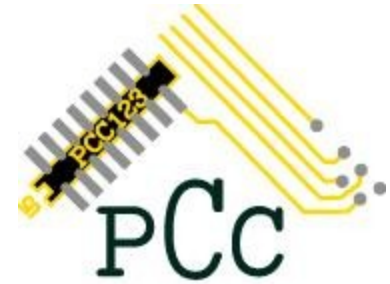

WHAT DOES PCC DO?

1 - Complex PCB Assemblies, (CCA)

- - Fine Pitch SMT. BGA
- - Quick Turn, Small Quantity
- - Thru Holes
- - Mixed technology
- - SMT Both sides
- - Hand Build
- - Testing
- - IPC 610, Class II, and III, Mil Spec or any specification provided.

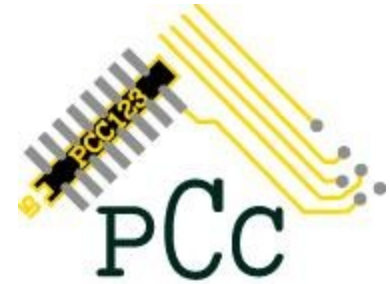

WHAT DOES PCC DO?

2 - Bare PCB (Circuit Cards/PWB)

- - Multilayer PCB
- - DS/SS PCB
- - Fr-406, High Tg Fr-4, Metal core, Heavy Copper
- - PCB Thickness: 0.008" to 0.2500
- Quick Turn Around

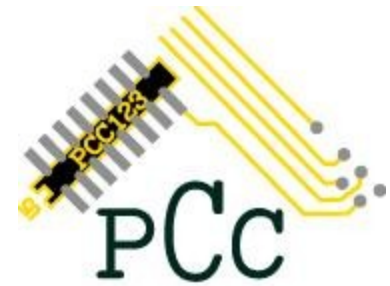

WHAT DOES PCC DO?

3 - PCB Design & Reverse Engineering

- - Complete Engineering Design
- - PCB Layout, From Schematics and Net list
- - From Sample Bare PCB
- - From Sample Assembly
- - From Paper Drawings

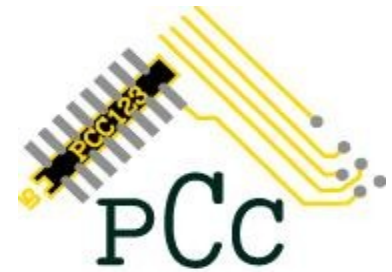

WHAT DOES PCC DO?

4 - OEM Power Products

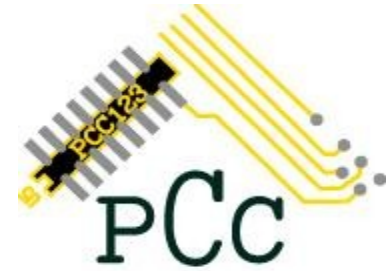

- - Remote and Wireless power switching and Monitoring Devices, 120V and 220V
- - Dial Security and Line Sharing Devices
- - RS-232 to Fiber Optic Convertor
- - Telephone, Web base and RF interface
- - Rebooting and AC/DC Power Controllers
- - Innovative Data and Telephony Products

A BRIEF HISTORY OF PCC

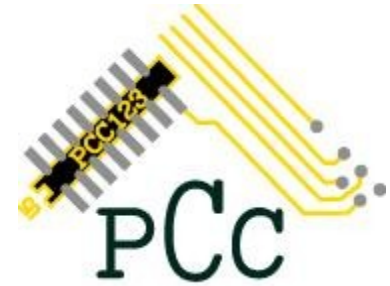

- PCC is a Georgia based, privately held Corporation, located in Lilburn, GA (about 20 miles NE of Atlanta). PCC started in January 2000 with expertise in the design and manufacturing of Printed Circuit Boards, within two years we added Circuit Card Assembly services to augment and capture the client base as a complete one stop service provider in mind. The new addition proved to be a winning formula and is progressing well even in this down turn economy. PCC is now in its own 32000 s.f. building and celebrating its 11th year of continuing growth and success even in this tough and challenging times of the past several years in US and World economy. PCC is now more of a Contract Assembly house than PCB fabricator. PCC's management & engineering team brings over 40+ years of combined, hands on experience to the table. PCC is debt free, financially stable and strong company.

THE COMPANY, PCC

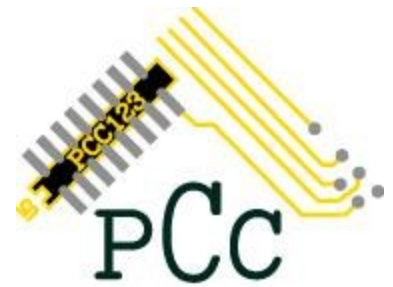

- PCC is a ISO 9001:2008 certified high tech PCB Assembly and EMS provider.
- PCC is a 8(a)/SDB program participant Small Business.
- PCC is a well equipped facility with 32,000 SF building.
- PCC Motto: Quality is Priority one, Zero Defect is our Goal and Customer Satisfaction is our Pride.
- PCC can provide One Stop solution for PCB Engineering, PCB Design, CCA and Testing.
- PCC is also offering IT Services and Consultation.
- PCC updates and adds New equipments and Personnel on a regular basis.
- PCC specializes in quick turn-around, in both prototypes and production.
- PCC constantly improves manufacturing capabilities to meet today's hi-tech requirements.
- PCC has the most advanced manufacturing facility along with highly skilled and experienced personnel.
- Our people make us capable of providing the best service and dependable quality at competitive prices.

CERTIFICATIONS

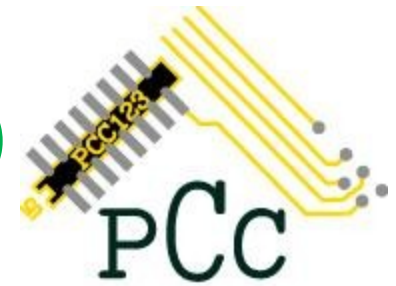

- ISO:9001-2008 certified
- SDB/8(a) SBA Certified
- DBE – GA DOT
- MBE – GA DOT

SERVICES THAT PCC CAN PROVIDE

- Circuit Card Assemblies
- Quick Turn Around, Proto & Production
- PCB Design/Layout
- Innovative Data and Telephony Products
- Box Building
- Cable & Wiring Harness
- Reverse Engineering, Rework, Repair
- Remote Power Controllers

NAICS CODES & FEDERAL SUPPLY CODES (FSC)

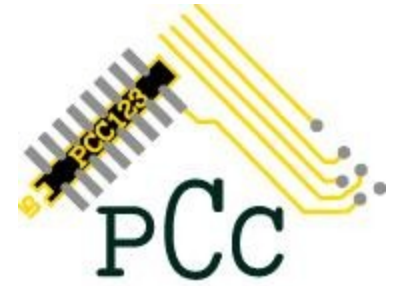

NAICS

- **Main: 334418, 334412, 334419, 335999, 334119, 334290**
- **Secondary: 541511, 541512, 541513, 541519, 541611**

FSC

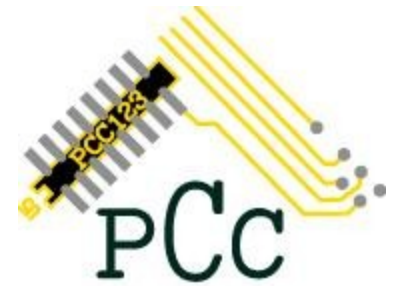

- **5998, 5999, 5995, 5962, 5963,**

INDUSTRIES SERVED

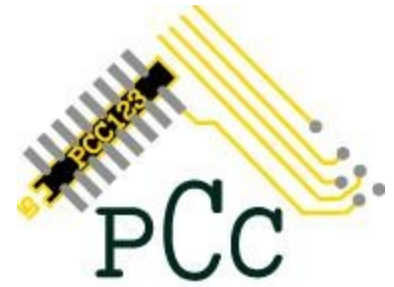

- Commercial
- Honeywell
- TI
- Navy
- Air Force
- Army
- The Boeing Co,
- Lockheed Martin

ADDITIONAL SERVICES

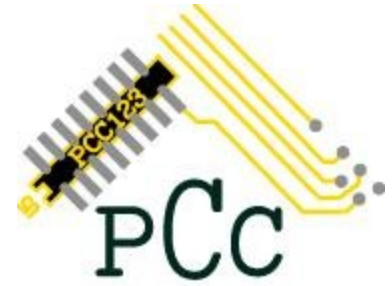

- Wire Harness and Cables
- IT services, Web Design, Content Management,
- Custom software Design
- IT consultants, Help Desk

OTHER QUALIFICATIONS

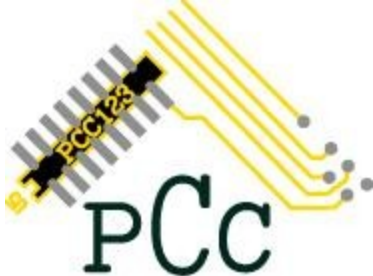

- Well experienced and Qualified team
- 5 Engineers on Board
- Management has 25+ Years of Business and Engineering Experience
- Financially Stable
- UL, Mil-Spec and IPC Specifications
- Can Respond Quickly to your Needs

QUALITY INFORMATION

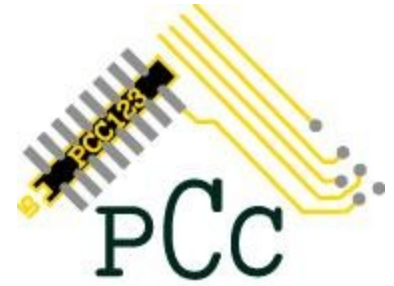

- ISO 9001-2008 Certified
- Can follow any given Specifications
- IPC Class II and Class III, CCA and PCB
- Mil-Spec CCA and Wire Harness
- Can build RoHS, Lead free CCA
- Copy of QC manual available upon request.

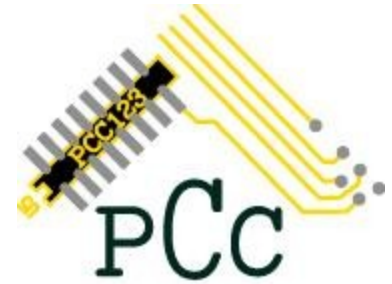

PCC Building

PCC Assembly Facility

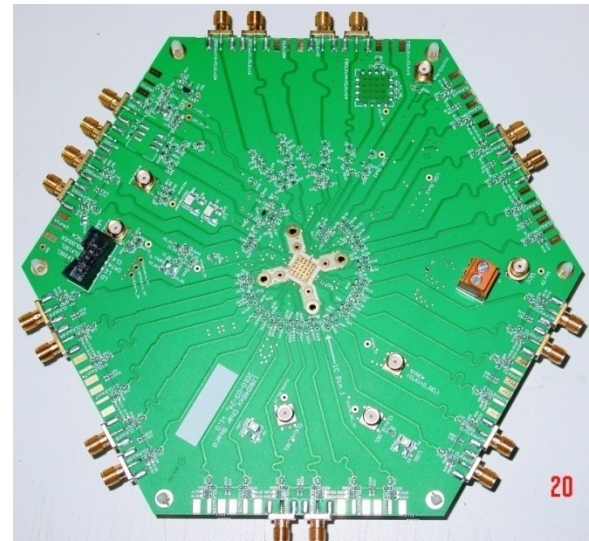

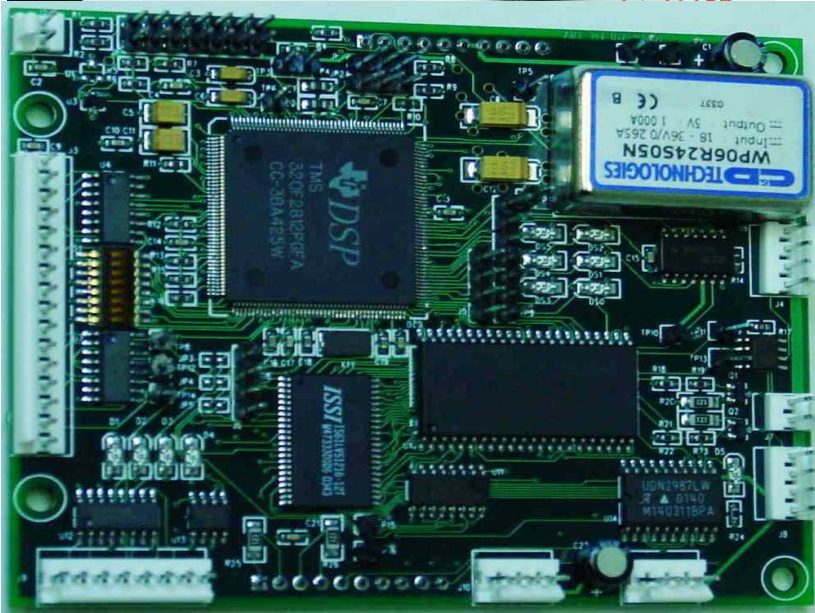

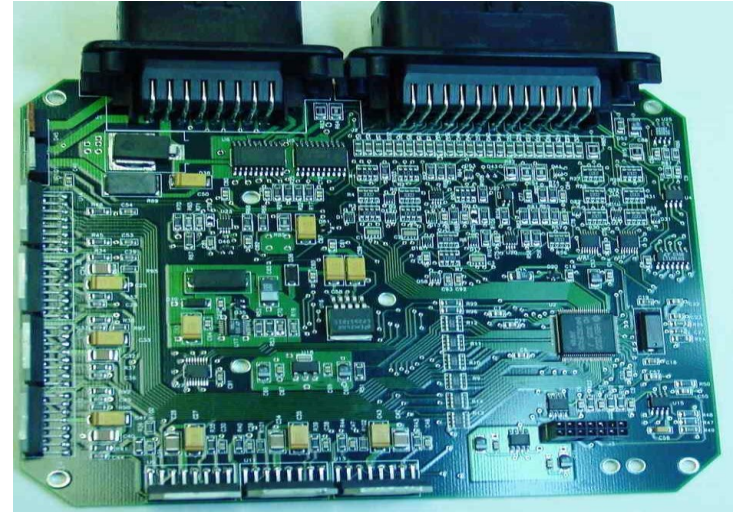

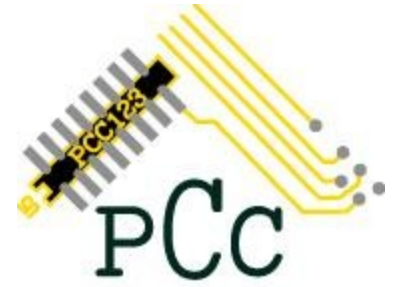

PCC Assembly Facility

Major Equipment List

- Two SMT Pick and Place and Reflow Lines
- Two AOI system
- 5 Axis, X-ray inspection with Color Imaging
- Bare Board Tester
- Two Selective Soldering System
- Two Wave Soldering System
- Rework Stations
- Thru Hole Assembly lines
- Testing Equipments
- Automatic Wire cutter and Stripper
- MRP System, For parts and Material Inventory
- Complete Gerber Editor suite.
